6.25 HEO BENCH & ON-ICE STAFF CERTIFICATION REQUIREMENTS

ADDITIONAL NOTES:

1. **U7 Program Instructors:** All On-Ice Coaching staff require the Coach 1 – Coach Level Course-- there are no exceptions to this regulation. (See U7 Program Policy 6.16 for Proper Coach to Player Ratios)
2. **House League U13 and Higher:** Coaches in U13 House League or higher who were previously qualified with Development 1 or High Performance 1 can coach with that qualification and are not required to take the Coach 2 course.
3. **On-Ice Helper:** is neither a qualification nor a designation to be used in the U7 Program or higher levels. Rather, it is limited to those under age 20 who wish to give something back to the game, perhaps become involved in coaching or obtain high school volunteer credit hours. (See Operating Policy 6.5: Volunteering as an On-Ice Helper)
4. **Coach 1 and Coach 2** are **Trained** status courses only and do not require Certified Status.
5. A Junior Hockey Assistant Coach Resigns, Relocates, or is Removed after all Development 1 clinics have occurred for the current season, the team may replace the Coach with an individual who does not possess Development 1 Certification or Trained status, if that coach has Respect in Sport for Activity Leader, Gender Identity and Expression, and a Valid PRC. The Coach must register for the next available Development 1 Clinic.
6. For Junior Hockey Head Coaches please see HEO Policy 6.23 HP1 Policy

“Trained” vs. “Certified”

The NCCP model distinguishes between training and certification. Coaches can participate in training opportunities to acquire or refine the skills and knowledge required for a particular coaching context (i.e. Competition-Introduction) as defined by the sport and be considered ***“trained”***.

To become ***“certified”*** in a coaching context, coaches must be evaluated on their demonstrated ability to perform within that context in areas such as program design, practice planning, performance analysis, program management, ethical coaching, support to participants during training, and support to participants in competition.

Certified coaches enjoy the credibility of the sporting community and of the athletes they coach because they have been observed and evaluated “doing” what is required of them as a competent coach in their sport. They are recognized as meeting or exceeding the high standards embraced by more than 60 national sport organizations in Canada. Fostering confidence at all levels of sport, certification is a benefit shared by parents, athletes, sport organizations, and our communities.

6.25 HEO BENCH & ON-ICE STAFF CERTIFICATION REQUIREMENTS

NCCP coaches are described as follows:

In Training – when they have completed some of the required training for a context;

Trained – when they have completed all required training for a context; and

Certified – when they have completed all evaluation requirements for a context.

Trainer Level 2 Renewal

Once a Trainer is upgraded to Level 2 under our program, he/she can maintain this level by simply advising the HEO office that, while his/her Trainers Card is about to expire, his/her First Aid or other medical qualifications are still valid and he/she wishes to renew his/her Level 2 hockey certification. In this case, the expiry date applied to the new card will be determined by the HEO office and will be based on the remaining period of certification for his/her First Aid or other medical qualifications. Simply send copies of the current first aid and/or proof of professional qualifications (see above) to the HEO office, this can be done via email to Jeff Robert at jrobert@hockeyeasternontario.ca
