

Android

Android devices vary slightly by manufacturer (Samsung, Google Pixel, Motorola, OnePlus, etc.), but the process is very similar.

Method 1: Save as PDF Using Print

1. Open your document.
2. Tap the **three-dot menu** or **Share**.
3. Choose **Print**.
4. Under Printer, tap the drop-down menu.
5. Select **Save as PDF**.
6. Tap the **PDF icon**.
7. Choose a folder.
8. Tap **Save**.

Method 2: Convert Images to PDF

Using Google Photos or Gallery:

1. Open the image.
2. Tap **Share** or **Print**.
3. Select **Print**.
4. Choose **Save as PDF**.
5. Tap **Save**.

Some manufacturers also include a built-in "Create PDF" feature in their Gallery app.
